TELEPHONE CALLS

At 1:12 a.m., a woman who did not furnish her name, called Midnight Supervisor William E. Assmus and asked if she could talk for a while.

The caller was informed that Agent had work to perform but would be most interested in obtaining any information she might have concerning a violation within the Bureau's jurisdiction. The caller stated that she didn't know if she had any information but that if she could be permitted to talk she might know something which would interest the Bureau. It was again explained to the caller that Agent had other phone calls and official matters to handle and that he could not engage in lengthy conversation on nonofficial matters.

The caller was very unhappy that she was not permitted to ramble on and the conversation was discontinued when another call was received.

At 9:25 p. m., 10/28/61, [redacted] South Carolina called the Bureau. From noises in the background and from persons who attempted to talk on the phone, it appeared that there was a drunken party going on.

(b)(7)(c)-1

Shirley did contact the Director's Office again on 12-7-60 and spoke to Special Agent Thomas Mitchell. He referred to the Director and Mr. Tolson by first name and said he met the Director at Atlantic City some years ago. He stated that on 1-15-61, the Variety Club in Buffalo would be installing new officers and he would like the Director to be an honorary guest. His invitation was cordially declined by letter dated 12-8-60.

[REDACTED] called at 1:20 a.m., 11-2-61, to advise that his Mark II Stengun (similar to light machine gun) was missing from his room at the Sigma Nu Fraternity House at above address. [REDACTED] explained that he was a gun collector and that the gun in question was strictly a collectors item which had been purchased at Ye Old Hunter, Alexandria, Va., and rendered completely ineffective pursuant to law. "I am in the upper left-hand corner of the cover of the new 'Literary Digest.' I am trying to exonerate myself and I can look down on everything. At 1:52 a. m., [REDACTED] Mount Carmel, Pennsylvania, called to request Bureau assistance in doing some research for his daughter's school work.

[REDACTED] who sounded either intoxicated or mentally deranged, or both, advised that his daughter, in connection with her school work, is required to determine the official bird, flower and tree of each of the 50 states of the union. [REDACTED] indicated he had contacted Senator Barry Goldwater, Governor Rockefeller and The White House for this information with negative results. He told a long tale of having gone to the Taft Hotel in New York City tonight, and was thrown out. He wanted us to get into the matter because the taxi driver who took him from Elmsport to New York was, according to him, an "admitted narcotics boy." He did not know the name or description of the cab driver. He also said he was shre there was drug traffic going on in New York City. He also felt we should get into the alleged assault on him in being thrown out of the Taft since the Taft rented rooms to people from out of the state.

[REDACTED] was referred to the New York City Police Department and the Bureau of Narcotics. Our lack of jurisdiction was explained to him, over and over, which he never got through his head. Bufiles contain nothing identifiable. (u)

(b)(7)(c)-1

SYNOPSIS:

[redacted] who stated he feared a beating by his son-in-law, called to ask for "protection from the Metropolitan Police." He was insistent on protection and stated it was an interstate matter because his son-in-law was coming into the District of Columbia from Maryland for the purpose of beating him up, and the Police Department had told him there was nothing they could do beforehand. On his second call, he stated he did not agree with me that the facts he gave did not constitute a case within the Bureau's jurisdiction, and stated he was going to write to his "Senator in Virginia." At his request, I gave him my name. No action recommended.

DETAILS:

[redacted] stated he resides at [redacted] Apartment 102, Washington, D. C. He also stated at the beginning of the call that he was rational, but scared. He seemed to be excited. He said he wanted someone sent out to "protect him from the Metropolitan Police," and continued that [redacted] an employee of the Federal Housing Administration, was coming from Hyattsville, Maryland, to his residence address to beat him up. He related he had reported this to the Metropolitan Police, but they had told him they could not do anything for him until after he was beat up. He stated [redacted] telephone number is [redacted]. Upon questioning as to the identity of [redacted] he admitted that [redacted] is his son-in-law, the husband of [redacted] is in the current telephone directory for the number given, at [redacted]

It was explained courteously to [redacted] that the facts which he furnished did not constitute a violation within the jurisdiction of the Bureau, and that we would not be able to comply with his request for protection. He then became more excited, and said that although he was "physically helpless" he had a Japanese knife from World War II, and asked me to advise him whether or not it would be all right for him to use the knife to protect himself. When I told him that I would be unable to advise him, and that the matter would have to be his own decision, he said, "Certainly I didn't expect you to stick your neck out!" He then hung up the phone. It was 12:42 a. m.

Department for protection. Sergeant Raminelli stated they could not offer protection in a threatened misdemeanor, but that he would notify radio patrol car.

[REDACTED] called back at 12:52 a. m. and asked me if I had "reached a decision," whereupon I informed him that he had been informed previously of my decision that the facts stated did not constitute a violation within the jurisdiction of the Bureau. He then stated, "I disagree with you, sir." He added that he was going to write to his "Senator in Virginia," and requested my name, which I gave to him, and he hung up the phone. (b)(7)(c)-1

SUBJECT: HOAX TELEPHONE CALL RECEIVED BY NIGHT STENOGRAPHER, DIVISION 9, 12/6/61

At 1:10 a.m., [redacted] Night Stenographer, Division 9, telephonically advised that she had just received a phone call from an individual who identified himself as Bobby Wilson. [redacted] stated that Wilson claimed that he and his girl friend were being held captive at an unknown location in Arlington.

Telephone Calls

Wilson claimed that he and his girl friend, [redacted] had been walking on South 15th or 16th Street, Arlington, Virginia, during the evening of 12/5/61 when they were abducted by two white males in their early 20's. Wilson alleged that he and his girl friend had been taken to an uninhabited apartment house where they had been bound and gagged and their valuables taken.

Wilson claimed that he had been successful in removing his gag and, although bound, had been dialing seven numbers at random on a telephone which he claimed was located in the room in which he was held. It was through this random call he alleged that he had reached [redacted]. Additional details were furnished by the caller regarding the experience of himself and his girl friend.

EX-113 REC-4 66-342-6389

An immediate call was made to the Arlington Police Department to Officer [redacted]. SUBJECT: **MISCELLANEOUS - INFORMATION CONCERNING**

At 1:52 a.m., [redacted] who stated he was calling from Dallas, Texas, profanely asked if the Agent to whom he was talking (Midnight Supervisor W. E. Assmus) was the (b) (7) (c) (Profane) Agent to whom he had previously talked and who had hung up on him. [redacted] was advised that he was not talking to the same Agent and inquiry was made of Sanders as to what he wished to report. Sanders, in a very profane and insulting manner, stated that he had attempted to furnish information to the FBI but that he had been hung up on. [redacted] stated that although he was a former inmate of a mental institution he had been hospitalized because of his great zeal in enforcing the law.

[redacted] who had obviously been drinking, furnished (b) (7) (c) no specific information but made constant references to the stupidity of Bureau Agents and was extremely profane and insulting in his remarks.

After being cautioned several times concerning his profanity and insulting remarks and being advised that the Agent did not consider it necessary to subject himself to such abuse, the conversation was terminated by the Agent.

Bureau files (66-3182-4790) disclose that on 6/1/57, [redacted] possibly identical with instant caller, called and asked for the Director. He rambled in conversation about the possibility of losing his job with the [redacted] in the near future and sounded as though he had been drinking. (b) (7) (c) 1

Telephone Calls
(b)(7)(c)-1

At 2:01 p. m. on 12-26-61, upon referral from the Director's office, Special Agent James M. Murphy of the Crime Records Division talked with the above captioned individual who was telephoning from Poquoson, Virginia, where she resides at [REDACTED] with her parents. She indicated she is presently home on a three-day pass from Eastern State Hospital, Williamsburg, Virginia, an insane asylum, where she has been a mental patient since [REDACTED]. She talked in a rather rambling and incoherent manner and stated she wanted the FBI to instruct Albert Sidney White, Sheriff of York County, Virginia, not to return her to Eastern State Hospital as he has apparently been so instructed by her parents.

(b)(7)(c)

She was informed the FBI could not take this action although she insisted that her return to the mental institution upon her parents order was a Federal case. She pointed out that a few years ago, in connection with applying for a civil service job, she had been given a clear bill of health, both physical and mental, from officials at Fort Eustis, Virginia. She also pointed out that her condition was actually not mental, but physical, and that she had been a victim of enemy warfare, wherein she ate some poisoned food. Because of the statement she allegedly received from Fort Eustis officials and the fact her condition was physical and not mental, she did not desire to return to Eastern State Hospital. Her only hopes were for the FBI to intercede in any commitment order Sheriff White might attempt to fulfill.

The above-captioned individual telephonically contacted Duty Supervisor SA Clark F. Brown at the Bureau at approximately 1:30 a.m. 12/30/61 from Jackson Heights, New York. He sounded drunk and was incoherent. [redacted] stated that he was attempting to get in touch with Secret Service but was unable to get them, said his life was in danger, and stated that he was connected with telephone number APL 2428 which was Secret Service number. He was specifically asked if he were a secret service agent and he stated he did not say he was but that he was connected with instant telephone number. He later stated that he was an "operative."

[redacted] asked for advice but was unable to explain what type of advice he wanted. He was advised, however, that if his life were in danger he should contact the local police. He then wanted the local FBI telephone number in New York which was supplied him by the switchboard operator.

Caller appears to be identical with subject Bureau file 7-4611, who reported his wife was possibly kidnapped in 1946. Letter from New York 8/21/46 shows that investigation discloses [redacted] suffering a mental ailment.

[redacted] continued that [redacted] had served in the U. S. Army in Germany and is either in the Army Reserves or the National Guard. He said that during this argument, [redacted] told him he could have 50 men at this office within two minutes and asked [redacted] if he wanted to see them. [redacted] said he would call the FBI if [redacted] called his men. [redacted] expressed disbelief and said [redacted] then phoned someone. A short time later, two men came to the office. He said these men, about 23 to 24 years of age, were acquainted with [redacted] and were invited by [redacted] to have a beer. Then [redacted] told one of the men to stand up, sit down, stand up and sit down. This man, according to [redacted], had an amused look on his face, but did as [redacted] instructed. Then [redacted] asked the men if they were wearing their black belts. One man said yes and the other man said he was not wearing a belt of any type, whereupon [redacted] told him he should always wear his black belt. Again, this man had an amused look on his face. [redacted] then opened a bottle of beer and threw it across the room to one of the men, and the beer bottle smashed on the floor of the office. About this time some employee of this company entered the office and upon viewing the scene, ordered the two strangers to leave. These two men waited outside until [redacted] joined them, then they left. [redacted] continued that a few minutes later, [redacted] phoned the office, attempted to disguise his voice, and made some remarks that [redacted] cannot now recall. [redacted] said he left the office and went home.

[redacted] stated that after returning to his residence on December 22, 1961, he attempted to place a collect call to the FBI at Washington, D. C., and engaged in an argument with the operator in this regard. He said he finally spoke with someone with the FBI at Washington, D. C., and admitted having furnished the information set forth in referenced letter.

Upon being questioned about his remarks as contained in referenced letter, [redacted] stated that he had been intoxicated and apparently had let his imagination run away with him. He indicated there were no facts that he could recall to indicate that there is a cell of people operating at Youngstown with operators in other parts of the country or that this group came from Germany about 10 months ago and are trying to indoctrinate him into a club. He stated that he must have been thinking about [redacted] having served in the U. S. Army in Germany about 10 months ago.

CV 105-5798

[redacted] said he was most embarrassed about this happening and remarked that on the morning of December 23, 1961, he had received a phone call from [redacted] who apologized for his behavior at the office party. [redacted] said [redacted] resides at Boardman, Ohio, and has been [redacted] at Youngstown, Ohio, for about [redacted] He described [redacted]

SUBJECT: **[REDACTED]**
CIVIL DEFENSE
PORTLAND, OREGON

For record purposes, at 6:40 p. m., 1-13-62, Wick received a telephone call from a Portland, Oregon, operator stating that she was calling for **[REDACTED]** Civil Defense organization. **[REDACTED]** desired to speak to Mr. Hoover. Wick explained Mr. Hoover's absence whereupon the operator stated **[REDACTED]** desired to have a conference call set up between **[REDACTED]** Radio Station KHQ at Portland, **[REDACTED]** and Wick.

Wick asked why a conference call was necessary. The operator stated **[REDACTED]** wanted Wick (or Mr. Hoover), **[REDACTED]** and **[REDACTED]** on one line because **[REDACTED]** had something very expedite to handle.

The Portland operator was not able to set up the conference with all the parties **[REDACTED]** desired on the line until 8:30 p. m., 1-13-62. When all parties were on the line, **[REDACTED]** said, **[REDACTED]** this is **[REDACTED]** I am in Pilot Rock, Oregon. I have been here for three days. I thought it was due for a shake-down. The only reason I am making this call is that I find this part of the country is infested with communist propaganda. They are loading the television and radio stations with communist propaganda like we had twenty-five years ago."

Wick asked **[REDACTED]** the identity of "they" whereupon **[REDACTED]** said, "I don't know who is doing it but there is a lot of communist propoganda here." **[REDACTED]** rambled on for about five minutes concerning radio programs and television programs which he alleged followed the Communist Party line. He said that KHQ is one of the main offenders. Also, he said, several NBC and CBS network programs are received in Pilot Rock and they are "communist propoganda." **[REDACTED]** told **[REDACTED]** the latter did not know what he was talking about. **[REDACTED]** said to **[REDACTED]** "You are making some serious allegations about my station and you had better be able to back them up."

Both **[REDACTED]** and **[REDACTED]** told **[REDACTED]** that they did not know what he was talking about.

Re: [REDACTED] Portland, Oregon

(b)(7)(c)-1

Wick told [REDACTED] that if he had any specifics he should write FBI Headquarters or contact our field office. (b)(7)(c)-1

From all indications, it appeared that [REDACTED] had been drinking inasmuch as he rambled considerably, his words were indistinct at times and he was very non-specific. (b)(7)(c)-1

The conversation was terminated when Wick told [REDACTED] to get his thoughts collected so that this thing would make some sense. [REDACTED] said he would do more than that, "I will come to see each of you three men." He then hung up. (b)(7)(c)-1

Bureau files contain no identifiable information regarding [REDACTED] or [REDACTED]. A check was made of Civil Defense personnel by the Liaison Section and [REDACTED] could not be identified as connected with the Federal Government's Civil Defense program. It may well be that [REDACTED] is connected with the State of Oregon Civil Defense program inasmuch as he did state during the telephone conversation, "This telephone call is costing the people of Oregon a lot of money."  MISCELLANEOUS - INFORMATION CONCERNING

At 1:51 a.m. a male individual who refused to furnish his name or the location from which he was calling advised he wanted the FBI to do something about local corruptness.

Repeated efforts to obtain the caller's name and whereabouts were unsuccessful. From the caller's general conversation it appeared he was calling from somewhere in the midwest.

Caller complained that the local police and Sheriff's Office were corrupt and that he could not furnish his information to the local FBI Office because it too was corrupt.

Caller was informed that in order to take any action on his complaint it would be necessary for him to furnish information regarding the officials concerning whom he was complaining. Caller then became profane and stated that all the law enforcement agencies were corrupt and would not act on his complaint and he was fearful for his life if he disclosed his identity. The caller was told to "put up or shut up" regarding his allegations on the part of Bureau Agents which he refused to do and the call was terminated.

FROM : B. J. WHITE

SUBJECT: TELEPHONE CALL FROM ATTORNEY HENRY J. WHITE
Houston, Texas; 1-17-62

At 11:05 PM, 1-17-62, an individual identifying himself as Henry J. White an attorney at Houston, Texas, called Special Agent Robert A. Frazier, who was the Laboratory duty supervisor at that time. White was very incoherent and rambling during his conversation and it was Frazier's belief that the individual was probably intoxicated.

Briefly, Frazier was able to determine that White had been contacted by a prospective client in Houston and asked to initiate a suit against the Peters Cartridge Company because two shotgun shells had gone off in the client's jacket injuring the client. White wanted an official opinion whether or not it was possible for the shells to explode in this manner. Frazier (who is one of the Laboratory's most experienced firearms experts) advised him that he could not give him any opinion in this matter because of the fact that the Laboratory does not give testimony or opinions in connection with civil matters. During the discussion it was mentioned that White might contact the Houston Office today concerning this matter.

As you know, I called the Houston Office at 9:30 this morning and talked with Supervisor Fred Fehl in the absence of SAC Rightmyer to alert Houston to the possibility that White might call the Houston Office today. I told Fehl that under no circumstances should any statement be made to White which could be used in a civil action since this could be a very controversial matter and that Peters Cartridge Company was one of the largest concerns in the firearms business and one with which the Bureau had in the past and undoubtedly will continue to do business. Fehl stated that the Houston Office would be alert for White; that they would make discreet inquiry and advise the Bureau.

Bureau files contain no information which could be identified with White, A former employee, [redacted] was employed as a student fingerprint classifier 4-21-41 and removed from the rolls 9-7-41 because he failed to return to active duty from military leave within the required period. However, it would not appear that this individual is identical with the attorney, White.

[REDACTED] advised that he has a friend who has been given a security clearance by the Navy and his friend is considerably upset at this time concerning the possibility of his losing his security clearance since he is a witness in some sort of civil suit. [REDACTED] wanted to know if the fact that a Government employee was to be a witness in a civil suit would affect his clearance. He was told the FBI does not grant security clearances except for its own employees and it was suggested to him, if he desired to pursue the matter further, that he should contact the Office of Naval Intelligence.

At 1:05 a. m. James M. Green, College Park, Maryland, called for the Director's Office and was referred to Midnight Supervisor William E. Assmus, General Investigative Division.

Green, who sounded mentally unbalanced, prefaced his remarks by stating he was a disabled Marine veteran and felt he had a right to discuss his personal matters with any high Government official. He stated that he had no information concerning a violation within the jurisdiction of the FBI but advised he wanted advice as to how he could be reconciled with his estranged wife.

It was explained to Mr. Green that the Bureau could not offer any such advice and he was referred to an attorney of his choice. Green indicated he understood the Bureau's position and appreciated the opportunity to discuss his problem.

Bureau indices indicate Green may be identical with an individual of the same name who, on 11-11-53 endeavored to see the Director to report that he had been unsuccessful in trying to talk to the President of the United States. He indicated that he felt as an American citizen it was within his Constitutional rights to be able to personally converse with the Head of the Government. He also wanted FBI assistance in helping him solve the current world problems. At the time of that interview Green also indicated his family was located in Indiana as was indicated by captioned complainant (66-3182-3494).

[Handwritten signatures and initials]

Telephone call

RE: Bureau phone call to Houston, 1/18/62.

Referenced Bureau telephone call pointed out that a man identifying himself as HENRY J. WHITE, an attorney from Houston, had telephonically contacted the Bureau on the previous evening regarding a civil suit against the Peter Cartridge Company.

In an effort to identify and determine something of the background of HENRY J. WHITE, SA [redacted] on 1/18/62 interviewed [redacted] County Bar Association, Houston, Texas. She advised she could locate no record of a man by the name of HENRY J. WHITE as being a member of the Harris County Bar Association or a member of the State Bar of Texas.

(b)(7)(c)-1

The records of the Credit Bureau of Greater Houston were checked for SA RUSSELL by Mr. [redacted] and he advised that he could locate no record of a man by the name of HENRY J. WHITE now living in Houston and being an attorney at law.

It is also noted that the current telephone directory for the City of Houston lists no person by the name of HENRY J. WHITE and there are no attorneys listed in the classified section of the telephone directory by that name.

No further action is being taken by the Houston Office in this matter at this time, and this case is being marked closed.

Telephone Calls

At 5:10 p. m. today, [REDACTED] called the Bureau and requested an appointment with the Director for tomorrow (2-21-62). She stated that the information she had pertained to her being "kidnaped" as a child and subsequently being "brainwashed" by the people that "kidnaped" her. It is noted her conversation was at times very rambling. She stated she had information that the persons who "kidnaped" her and reared her as their own child were now preventing her from seeing her own children. Furthermore, they had told her that she was "a mental case."

The Director's extremely heavy pressure of business was explained to her, and it was suggested to her that she should contact the New York Office if she felt her information should be brought to the attention of the FBI. She said she personally wanted to inform the Director of this and would come to Washington tomorrow to see him. With that she terminated the conversation. That if [REDACTED] comes to the Bureau, she be referred to Crime Research Section, Complaint Room, 4706.
